PROFESSIONAL SUMMARY

Detail-oriented and results-driven ICT graduate with hands-on experience in data entry, database management, and administrative operations. Proven ability to manage and process high-volume records with accuracy using Microsoft Office Suite and Google Workspace. Experienced in developing automated workflows using Excel VBA to improve operational efficiency. Quick learner who adapts to new platforms and follows documented procedures consistently. Seeking to leverage strong organizational, scheduling, and data management skills in an administrative or operations support role.

CORE COMPETENCIES

Figma and Website Design | Scheduling & Rostering | Record-Keeping & Documentation Point-of-Sale (POS) Systems | Website Programming | Financial Reporting
Process Automation (Excel VBA) | Customer Communication | Task Management
Microsoft Office | Google Workspace | Standard Operating Procedures (SOPs)

PROFESSIONAL EXPERIENCE

DSWD Cash for Work Program | Binangonan, Rizal
Student Assistant – URSB | June 2024 – November 2024

- Performed accurate and high-volume data entry of cashier transaction records into Microsoft Excel, ensuring data integrity and error-free documentation across multiple records.
- Managed and maintained internal operational databases for collection tracking, verifying accuracy and supporting reliable record-keeping for daily operations.
- Generated financial reports and ensured proper documentation of all transactions, supporting efficient reporting workflows for management review.
- Developed and implemented a VBA automation system in Microsoft Excel to streamline repetitive office tasks, reducing manual workload and improving overall data processing efficiency.
- Coordinated data across multiple operational tracking systems, following standard operating procedures to ensure consistency and accuracy.
- Utilized Microsoft Word and Excel functions to produce organized, professional documentation in support of administrative and operational needs.
